

## CashFlow® 7000 Series Coin Changer

# SMARTER DECISIONS TO MAXIMISE SALES AND MINIMISE COSTS

The CF7000 5-tube changer has been the reliable choice in over two million operator installations since its release. The industry's first true coin manager goes beyond just accepting and dispensing coins. It helps operators make smarter decisions for managing their business. Unique tracking, analyzing, and diagnostic capabilities give operators the tools and business information they need to better manage their cash flow and increase profits.

- Market-leading validation technology
- Intuitive coin management technology
- Secure and reliable build
- Accurate auditing and tracking
- Coin monitoring for real-time audit
- Convenient on-going maintenance

# CashFlow 7000 Coin Changer Specifications & Benefits

## CashFlow 7000
