

SC Advance Banknote Validator

RAISING EXPECTATIONS FOR BANKNOTE VALIDATOR PERFORMANCE

The SC Advance banknote validator is designed to meet the demanding needs of cash acceptance applications. It features enhanced recognition technology, faster note-to-note speed and increased capacity to accept up to 100 different currencies and denominations. It also has the industry's best first-time acceptance rate for valid street-grade notes, including those that are damp, crinkled or torn.

- Shortened transaction time
- Lowest total cost of ownership
- Maximised machine uptime / throughput
- Delivers robust accounting
- Maintenance friendly
- Multiple options for tailored product

**SO FAR OVER 2 MILLION SC SERIES BANKNOTE PRODUCTS
HAVE BEEN SOLD AND TRUSTED GLOBALLY**

SC Advance Banknote Validator
